

INFANT NEWS

JULY 2021

Welcome July! The past month, we have seen such

independency and development from all of the infants. They are all fully capable of doing any activity we challenge them with and we have so much fun learning together. The infants have been very interested in bugs, flowers, trucks, things that move, and filling and dumping. We have added lots of things to the room to expand their interest using science, fine motor, language, cognitive, and sensory. The children notice absolutely everything we add as a decoration to the

room. They love seeing their pictures around the room and identifying themselves and their friends/Educators.

There are some important dates to mark on the calendar for the month of July. **Thursday July 1st, 2021, the Centre will be closed due to Canada Day.** Also, on **Friday, July 2nd 2021**, it will be M.V and N.M's last day in the Infant Room. We will miss them so so much but we will be watching them grow from a far! They both brought such great personalities into the room and they both made us laugh so much! On **Friday July 2nd- July 16th 2021, Joni will be on Vacation** and on **July 19th-July 30th 2021, Ally will be on Vacation.**

The month of August, Ally will be relieving other Educator's Vacation time, so she will not be in the infant room for very much longer. Once September rolls around, Ally will be moving into the Toddler Room and Rossana will be moving into the Infant Room with Joni.
