OUR HISTORY

Kinderplace Childcare Centre Inc. officially opened on October 2, 1989. Kinderplace Childcare Centre Inc. started out of the interest of employees who worked at the Lakehead Psychiatric Hospital and the Northwestern Regional Centre to have a workplace Childcare Centre within the hospital.

We opened a second satellite location at Ecolé Gron Morgan for after-school children in September, 2013. Our future goal would be to offer a full program from infant up to school-age at this site.

Over the years, we learned that the Lakehead Psychiatric Hospital would be closing by 2017, so the Board of Directors and staff worked tirelessly to find a new relocation site for our main centre. In September, 2014, Kinderplace Childcare Centre Inc. main site relocated to Vance Chapman School. The Ministry of Education and the Thunder Bay District Social Services Administration Board made funding for the relocation available.

BOARD OF DIRECTORS

Kinderplace Childcare Centre Inc. is operated by a volunteer Board of Directors, that are elected by the families of Kinderplace Childcare Centre Inc. at the Annual General Meeting.

If you need to contact a Board Member, please leave a message with Kinderplace Childcare Centre Inc.'s Executive Director/Supervisor/Designate. If you have a comment, concern or would like to attend a Board Meeting, please notify the Executive Director/Supervisor/Designate or any member of the Board of Directors by the 15th of the month.

New members interested in joining the Board of Directors are asked to speak to the Executive Director/Supervisor/Designate or a Board Member regarding the orientation process.

Program Statement

Date Created: May 18, 2016

Reviewed at staff meeting: Jan. 12, 2022

The Program Statement is to be reviewed by all Staff, Students, Volunteers, and the Board of Directors of Kinderplace Childcare Centre Inc. on an annual basis, or whenever a change is made

Kinderplace Childcare Centre follows the “How Does Learning Happen” document under the Child Care and Early Years Act. We endeavor to follow the four (4) foundations of Belonging, Well-Being, Engagement and Expression.

Kinderplace Childcare Centre Inc. incorporates a play-based learning approach to create the best environment for children to learn and grow at their own pace and to their full potential.

We believe that children are Competent, Capable, Curious and Rich in Potential. Our emergent curriculum is based on observations of the children’s interests and needs. (NB. #46-2)

Our programming leads to children’s sense of belonging. Progressive learning environments and practices focused on play-based learning encourage children’s self-expression, communication, self-regulation, and their ability to deal with stress.

We accomplish this by role modeling, providing children with the tools to be able to control their emotions, pay attention, ignore distractions, and understand the consequences of their actions. We strive to build empathetic, respectful, and caring individuals by creating positive interactions between staff and children each day.

This is done by being respectful of the child and his or her needs, using a calm and nurturing voice and body language. Educators will endeavor to maintain these positive interactions by putting aside personal issues daily. (NB B/C)

We encourage children to manipulate, explore and experiment in their environment. We work toward children learning to investigate, ask questions, solve problems, and engage in critical thinking.

We try to incorporate the natural rhythm of a child’s day by following their lead. Educators create a balance of adult and child directed activities utilizing documented observations of the children. Based on these observations, the educators create an inviting environment, focused on the children’s interests through a variety of open-ended materials. (NB D/E/F)

We attempt to provide smooth transitions and meaningful choices to a child’s day. We allow for flexibility within our schedules to provide the opportunity for activities to be expanded for as long as the children are interested.

Program Statement Continuation

Our physical environment is designed to meet a child's need to be independent and self-reliant. Play materials are accessible for children to choose. Our cubbies, toy shelves, tables, chairs, toilets, sinks are child-sized which helps the child to feel secure and giving them a sense of belonging.

The children are encouraged to be self-reliant in routines such as toileting, dressing, washing, eating, and tidying up their play-space. The role of the Educator in the environment is to provide guidance when needed, while allowing the child to be successful in their tasks. (NB F/G)

At Kinderplace Childcare Centre Inc., we feel that parents/guardians are a valuable resource in the needs of their child. We strive to build trusting relationships through open communication that creates a collaborative and cooperative relationship with families.

Families are encouraged to share their unique family dynamics and cultures. This is accomplished through photographs, items of cultural significance, cultural foods, and celebrations.

In addition to daily interactions with program staff, we offer many parent/guardian opportunities for involvement in the programs through parent surveys, open-houses, special events, visitors, and volunteer opportunities for fieldtrips and sitting on our Board of Directors.

We endeavor to provide a consistent environment to make children feel secure and welcome. This is accomplished by our Educators welcoming families at arrival and departure time and conducting the day in a familiar pattern.

Staff communicate with parents/guardians through the following medium: photo-frames, documentation panels, portfolios, "What we did today sheets", observations, assessments, meetings, newsletters, website, e-mails, and the SeeSaw app (NB B/H)

Kinderplace Childcare Centre Inc. connects with community partners to better support mental health and well-being of children and their families. This may include the following agencies: C.C.T.B. – (Resource Consultant, Preschool Consultation Program), George Jeffrey Children's Centre, Dilico and the Children's Aid Society and Speech Pathologists.

As we feel it is important to have the child and family needs met, we make available the opportunity for in-house consultations and screenings. (NB A/B/I)

Educators can participate in team and staff meetings on a regular basis. At these meetings, staffing teams discuss the needs of the children and the program. Goals, issues, and programming is discussed as well as the "How Does Learning Happen?" document and its incorporation into the programs.

Our Kinderplace Childcare Centre Inc. team is provided with opportunities for and encouraged to participate in continuous learning. This is accomplished by: the

provision of training and workshops related to children’s cognitive, emotion, physical and language development.

Program Statement Continuation

A bursary is available for educational development for Educators working toward an Early Childhood Education Diploma.

Kinderplace Childcare Centre Inc. will strive to provide opportunities for Registered Early Childhood Educators to work on the College of Early Childhood Educators new requirements for continuous professional learning program when opportunities arise.

Educators and Executive Director/Supervisor/Designate participate in annual evaluations to look at areas of strengths and areas to improve upon. (NB I/J/K)

At Kinderplace Childcare Centre Inc. we believe that a balance of indoor and outdoor play is essential to the Health and Well-Being of a child. Our programs provide spaces for active play and quiet time.

Our programs are flexible and transfer a variety of experiences to differing environments. We will often bring the outdoor nature activities indoors or traditionally indoor play outdoors.

Children’s individual needs for rest and play are considered and respected throughout the day. (NB A/D/G)

Our program follows the Canada Food Guide and Child Care and Early Years Act to develop menus. Menus are then reviewed by a registered dietitian and are posted and available on our website.

We promote varying levels of independence and competence during snacks and meals. Children are encouraged to self-serve and participate in varying levels of set-up dependent upon age and abilities. Educators participate and role model during mealtimes by sitting and eating with the children.

We provide nutritious home-cooked meals that incorporate family and cultural preferences and accommodate dietary requirements and food allergies (when possible).

Children’s Health and Well-Being is monitored, documented, and communicated to parents, as necessary. (NB A/E/G)

We strive to follow and meet the Health and Safety requirements of the Ministry of Education and local governments. This is achieved through monthly health and safety inspections, health and safety board and training for staff. (NB A/I)

Kinderplace Childcare Centre Inc. documents and reviews the impact of their strategies by:

- Daily observations and program documentation, which will be shared on a regular basis with parents/guardians.
- Individual children’s portfolios which document pedagogical development of how children think and learn.

- Monthly staff meetings, weekly team planning, partnerships, and affiliations with other daycares.
- Consultation with outside agencies.

Program Statement Continuation

- Executive Director/Supervisor/Designate commits to observe in the program on a regular basis and signoffs on the daily program documentation.
- Annual review of the Program Statement by staff, students, volunteers, and the Board of Directors to ensure that it is in line with the Minister of Education's Policy Statement.

The hours of operation at Ecolé Gron Morgan site are **2:40pm to 5:30pm.**

Kinderplace Childcare Centre Inc. closes at 1:00pm on Christmas Eve and remains closed for the days between Christmas Day and New Year's Day. Kinderplace Childcare Centre Inc. will send a survey to families to determine the need to remain open on December 24th annually.

Note: If enrollment is significantly reduced on the above days, hours of operation may also be reduced. Parent/Guardians would be notified well in advance of a decision to reduce hours.

Parents/Guardians who require care full days when Ecolé Gron Morgan School is closed, can register to have their child(ren) attend the main site at Vance Chapman School based on space availability.

There may be one or more closure days in September or October each year for Educators to participate in a "How Does Learning Happen?" conference along with other Childcare Centre's in Thunder Bay. Parents will be notified at least one (1) month in advance of this closure, which is based on the budget annually.

Field Trips

The **Educators** will plan field trips in the Preschool, Kindergarten, Primary and Junior programs in which public transportation may be used. **Educators** working in the Infant and Toddler programs will participate in field trips that are within walking distance of Kinderplace Childcare Centre Inc. using the Centre's strollers. Parents/guardians will be requested to sign a form to give authorization of their child(ren)'s participation in advance of the field trip. Parents/guardians should be advised that there may be a small cost associated with field trips.

Arrival and Departure – Starting the Day off Right!

Due to the flow of traffic on the grounds of Vance Chapman School, it is highly recommended that parents/guardians hold their child/children's hand, at arrival and departure time, for safety measures. When parents/guardians arrive with their child(ren) to Kinderplace Childcare Centre Inc., they are asked to remove their child's outer clothing. We also ask parents/guardians to take their child to their assigned area. Parents/guardians dropping off children at the Ecolé Gron Morgan site will follow the same procedure of bringing their children into the classroom drop off area and ensuring that staff are aware that they have arrived.

For safety reasons, parents/guardians must ensure that a staff is aware and acknowledged that their child has arrived in the morning and will be required to sign their child/ren out on the clipboard at the end of the day.

Home Time

Due to staff ratios, it is requested that you inform Kinderplace Childcare Centre Inc. immediately of any changes to your drop-off and pick-up times.

All parents/guardians will be given a copy of the late policy and it will be reviewed by the Supervisor/Designate at the orientation. It is recommended that parents/guardians arrive a few minutes prior to closing time, to ensure that their child is ready to depart when Kinderplace Childcare Centre Inc. closes at **5:40 p.m.** Kinderplace Childcare Centre Inc. will open and close in accordance with the Kinderplace clock. If a parent/guardian is late, they/they will be requested to sign a form acknowledging their late arrival.

Authorized Person(s) to Pick-up your Child

In registering your child, we ask that you provide us with the name and telephone number of at least one other person who can pick up your child, if you are unable to do so. A child will not be released to anyone other than the person(s) designated by the child's parent or guardian. Individuals dropping or picking up your child(ren) must be sixteen years of age or older. **Note: Parent/Guardians are responsible to ensure all contact information is up to date.**

Parents/guardians are encouraged to introduce us or provide Kinderplace Childcare Centre Inc. with a picture of the individual(s) picking up your child, prior to the occurrence. Kinderplace Childcare Centre Inc. will not release your child to anyone, other than the parent/guardian, or authorized pick-up person(s), as listed on the application, unless prior written or verbal authorization is received by Kinderplace Childcare Centre Inc.'s staff. Identification may be requested.

Custody Policy

Upon registration, a copy of the existing custody agreement will be requested. If a separation/divorce occurs after a period at Kinderplace Childcare Centre Inc., it will be the parent's/guardian's responsibility to provide this documentation to Kinderplace Childcare Centre Inc. If there is not legal arrangement, Kinderplace Childcare Centre Inc.'s position will be that the parent/guardian registering the child(ren) is the client of Kinderplace Childcare Centre Inc. and will be given the authority to make all childcare arrangements.

Documentation of the child(ren) files will be accessed by the client only unless specifically addressed in the custody agreement.

If both parents/guardians are not authorized pick-up people, the custodial parent/guardian (client) must advise the staff when the child(ren) will be picked up by the other parent/guardian. If this is not arranged prior to pick-up time, the child(ren) will not be released until the client has been contacted.

Staff will not offer opinions, in writing or verbally, supporting or acknowledging the parenting abilities of either parent. Any discussions involving and contentious aspect of the situation will not be discussed in the presence of children.

Child Booster Seats and Child Restraint Systems

In accordance with the Highway Traffic Act, 0. Reg 613, all parents/guardians/designates must ensure that their child(ren) are transported to and from day care in the proper child seating and restraint systems based on the birth date, age, height, or weight of the child(ren). The system must be installed in accordance with the manufacturers recommendations and be certified by the Canadian Motor Vehicle Safety Standards (CMVSS).

Parking

At Vance Chapman School, the parking lot is located to the East of the school and parents/guardians are asked to park in the assigned lot and use the Primary school-aged doors, located at the top of the stairs.

At Ecolé Gron Morgan School, the pick-up area is determined annually based on which classrooms have been designated for the afterschool programs.

Students and Volunteers

Kinderplace Childcare Centre Inc. provides student placements for the Confederation College Early Childhood Education Program, Indigenous Early Childhood Education Program, as well as high school parenting and co-operative education programs.

Students and volunteers are not counted in the staffing ratios. Students and volunteers are assigned a supervising mentor/staff member throughout their

No child will be directly supervised by a person less than eighteen years of age. Students and volunteers will receive a complete orientation to Kinderplace Child Care Centre Inc. including a review of key policies such as behavior management and anaphylactic policies and procedures, etc.

Parents/guardians will be notified in advance of any special events that may be organized. A newsletter will be distributed to inform parents/guardians about your child's program and activities. The newsletter is also available on the website, www.kinderplace.ca

TV Policy

The Executive Director/Supervisor/Designate may approve movies rated F or G as part of the program in the Preschool, and School Aged groups. Movies will be shown occasionally, or for special events, and will extend the children's learning.

Movies will be documented on Group Program plans and parents/guardians will be notified in advance.

Alcohol Policy

If a parent/guardian or alternate picking up their child(ren) appears to be under the influence of alcohol or drugs (i.e.: smelling of alcohol, slurred speech, staggering, etc.) the following steps will be taken by Kinderplace Childcare Centre Inc.'s staff:

1. The Executive Director/Supervisor/Designate will be notified.
2. The staff will offer to call a taxi or get an alternate to pick up the child(ren). If possible, this is to be done away from the children.
3. The staff will not continue the discussion if the person becomes loud, obnoxious or in any way belligerent.
4. If the person insists on leaving with the child(ren), the staff will phone 911 and give Police/CAS as much information as possible, including the name and address of the parent/guardians or person under the influence, colour/make of vehicle and license number.

Smoke Free Policy

Kinderplace Childcare Centre Inc. located in Vance Chapman School and Ecolé Gron Morgan School, will follow the Smoke Free Ontario Act. This act prohibits smoking in all day nurseries, schools and private home day care locations. This includes both the premises and the playground. All parents/guardians/designates are required to follow this policy.

HEALTH AND SAFETY

Confidentiality

Kinderplace Child Care Centre Inc. staff are trained professionals. We pledge to maintain confidentiality regarding any information contained in child files, confidential family information, and any other aspects or occurrences of Kinderplace Childcare Centre Inc. deemed to be private. Should any outside agency request information, parents/guardians will be asked to sign a consent to authorize the release of information.

Medication Administration

When required, Kinderplace Childcare Centre Inc. staff will administer non-prescription medication (Acetaminophen/Ibuprofen) to Infants and Children who have a medical condition and are prone to seizures due to elevated temperatures only.

Parents/guardians of children with medical conditions, will be required to provide a physician's note which stipulates the reasons for the required medication, the dosage and administration instructions. This note will be placed in the child's file.

Please be advised that although Kinderplace Childcare Centre Inc.'s staff will make every effort to administer the medication at the time the parent/guardian specifies, an allowance of half an hour before or after the time specified is considered the acceptable parameters.

Since all medications can have potentially harmful effects on children, please let the staff of Kinderplace Childcare Centre Inc. know if your child(ren) has/have received any medication (including over the counter) prior to your arrival at Kinderplace Childcare Centre Inc.

Kinderplace Childcare Centre Inc. will administer prescription medications to all ages. Medication will be accepted by the Executive Director/Supervisor/Designate, who will ensure that it is securely locked away and that all necessary forms are filled in.

Legislation requires that parents/guardians provide:

1. Written authorization form, including dosage and times any medication is to be administered.
2. The medication must be in the original container, clearly labeled with the child's name, name of medication, the dosage, the date of purchase, and instructions for storage and administration.
3. Information regarding whether your child has had any other medication prior to arrival at Kinderplace Childcare Centre Inc.
4. In the case of a Controlled Drug/Narcotic, i.e.: Ritalin, the parent/guardian will be requested to:
 - a. Have the medication divided in the required dosage.

- b. Provide no more than one month's supply to be left at Kinderplace Childcare Centre Inc. (The Executive Director/Supervisor/Designate will count and record the number of pills in the parent's/guardian's presence before the medication is signed in.)

School aged children at both Kinderplace Childcare Centre Inc.'s Main site and Ecolé Gron Morgan site will be allowed to carry their own asthma medication or emergency allergy medication, in accordance with a written procedure by a legally qualified Medical Practitioner or Registered Nurse under the Health Disciplines Act.

Kinderplace Childcare Centre Inc. requires that parents/guardian understand:

1. Staff only administers medication in accordance with a written Physician's order or the medication label, with all appropriate information.
2. Staff will not administer any medication that requires staff to insert the medication into the anal, vaginal canal or penis.
3. Staff will not take specimens, i.e.: stool or urine.

To ensure clarity of instructions, parents/guardians must give all medications to the Executive Director/Supervisor/Designate, who will place it in a locked medication box. Parents/guardians will be expected to sign the medication in and out in the medication book. Please double check the child's bag to ensure that all medicine has been accounted for and locked in the medication box.

Allergies and Special Diets

Kinderplace Childcare Centre Inc. realizes that children may have special diets due to allergies/ethnicity. For children who fall into this category, parents/guardians may be asked to provide a substitute on the days that a food item is not suitable. It is the parent/guardian's responsibility to review the menus and to consult with dietary staff in advance.

Parents/guardians are also requested to notify the Executive Director/Supervisor/Designate, in writing, if their child has an allergy to a particular food. If a parent/guardian would like their child's name taken off the allergy list, they are requested to also notify the Executive Director/Supervisor/Designate in writing and to provide a physician's note stating that the child is no longer allergic/sensitive to a particular food. The parent/guardian is responsible for any costs associated with obtaining this note. The Supervisor/Designate will notify all staff of an allergy and keep an up-to-date postings in each playroom of each child's allergies/sensitivities/ ethnicity exclusions.

Anaphylaxis Policy

An individualized plan will be developed for each child with an anaphylactic allergy that includes emergency procedures in the event of exposure to the allergen. Staff, students, and volunteers will receive training on procedures to be followed if a child has an anaphylactic reaction.

It is highly recommended that every child with an anaphylactic reaction have 2 Epinephrine injectors on site at Kinderplace Childcare Centre Inc., in case of delay of Emergency Response. While staff receive training on the use of epinephrine injectors, it is still the parent/guardian's responsibility to show the staff how their child's specific epinephrine injector is to be used.

If the parent/guardian deems necessary that the emergency medications be kept on the child's person, then written documentation shall be provided by a health care professional, stating the rationale as to the request.

Bagged Lunches

A policy for the use of bagged lunches was adopted by Kinderplace Childcare Centre Inc.

Bagged lunches made at home and brought to the Kindergarten and Primary/Junior School Age Group programs, will be used during the following:

- Full-day programs
- PA days
- Specified summer days
- Community field trips
- First day of school and
- Scheduled school breaks such as March Break and Christmas Break.

Bagged Lunch Procedures:

- Parents/Guardians will be notified by memos and newsletters in advance of any known allergies in the Kindergarten and Primary/Junior School Age Programs and will be advised not to send food that contains these allergens.
- Parent/Guardians will inform the staff if a child has a food allergy, a food sensitivity, or a diet of choice (i.e.: pork-free, vegan), and whether the allergy or sensitivity is due to ingestion or proximity to the allergen.
- It is an expectation that parents/guardians will comply with the nut-safe environment and follow the Canada's Food Guide when providing food and drink choices for the children.
- Allergy lists are posted in classrooms and kept in program binder for easy access during mealtimes.
- If a bag lunch contains items with nut products or unhealthy choices, the items will be returned un-opened.
- Please do not send pop, "junk food" or candy.
- The Kindergarten and Primary/Junior School age programs will always have water available.
- If a bag lunch is forgotten at home, the parent/guardian will be contacted and expected to make provisions for the child for their lunch.

- Lunch items that are required to stay cold, should contain an ice pack. Access to a refrigerator is not always available.
- Bag lunches must be picnic style and not require heating.

Illness and Communicable Diseases

If a child becomes ill or exhibits symptoms of a communicable disease at the Kinderplace Childcare Centre Inc., the Executive Director/Supervisor/Designate will contact the child's parent(s)/guardian or designated emergency contact person. For your own child's well-being, and the protection of others, your child should be kept at home if he/she exhibits signs of a communicable disease.

If a child is not well enough to attend school, Kinderplace Childcare Centre Inc. will not be able to provide care for the child. If a dispute arises between a parent/guardian, staff and/or Executive Director/Supervisor/Designate, regarding the re-admittance of a child following an illness, the staff and/or Supervisor/Designate may:

- Request a note from a physician stating that the child may safely return to daycare.
- Consult with the Thunder Bay District Health Unit.

If your child is ill for five (5) consecutive days or less, the parent/guardian is responsible for the fees, or may **use absent days**. The Kinderplace Childcare Centre Inc. will cover the cost from day six (6) to day ten (10) but following this the child will be withdrawn from the program and placed on the priority waiting list. For subsidized parents/guardians the sick time will be in accordance with the City of Thunder Bay Contract.

Kinderplace Childcare Centre Inc. follows the Thunder Bay District Health Unit's guidelines for exclusion in regard to communicable diseases. A chart outlining the exclusion criteria is available upon request if you would like a copy. Please note that as of April 2015, the Thunder Bay District Health Unit has changed their exclusion criteria. Children will be excluded for **48 hours after 2 bouts of diarrhea and/or vomiting** as per the guidelines. If a child has a temperature of **38 degrees or higher**, they will be excluded for a full **24 hours** after the temperature returns to normal. (Please see Appendix 3 or <http://www.tbdhu.com/NR/rdonlyres/A6D7031F-6413-4511-885D-A015C34D077B/0/CommonChildhoodInfectionsManual2013.pdf>.)

Kinderplace Childcare Centre Inc. will consult with the Thunder Bay District Health Unit regarding any disease/illness that is not listed on the chart.

On occasion, Kinderplace Childcare Centre Inc. staff may be required to perform head lice checks on the children.

Immunization Record

Prior to admission, Kinderplace Childcare Centre Inc. will require proof of your child's up-to-date immunization record. The Thunder Bay District Health Unit requires up-to-date notification of your child's immunization. It is the parent/guardian's responsibility to contact the Health Unit with current information. Failure to comply with this guideline may result in your child(ren) being suspended from Kinderplace Childcare Centre Inc. until the immunization is completed and recorded with the Health Unit. Once a year, parents/guardians will be requested to update their child's Ontario Health Card version code.

Medical Emergency Procedures

In the event of a serious accident or medical problem, where the child requires medical attention, the following steps will be taken:

1. First Aid will be given.
2. A copy of the Accident/Incident Report will be given to the parent/guardian.
3. Staff will assess the medical emergency and transfer to a local emergency room if necessary, by ambulance or taxi. Staff will accompany the child and wait there until a parent/guardian is able to meet them. Staff will not use their own vehicle to transport a child.
4. Parent or guardian will immediately be contacted.

In the event that medical attention is necessary at the Ecolé Gron Morgan site, staff would follow the above steps with the exception of accompanying the child to the emergency room.

Please Note: it is the parent/guardian's responsibility to ensure updated Emergency Contact Numbers are on record.

Serious Occurrences

Effective November 1, 2011, the Ontario Government has introduced a new policy that requires licensed Child Care Centre's and Private Home Day Care agencies to post information about serious occurrences that happen at a Centre or a Home Location. To support increased transparency and access to information, a "Serious Occurrence Notification Form" must be posted at Center or Home Location in a visible area for ten 10 days. There have been updates in the definitions since 2015 to include:

- The death of a child whether it occurs on or off the premises.
- Abuse, neglect or an allegation of abuse or neglect of a child while receiving care at a childcare Centre.
- A life-threatening injury to or a life-threatening illness of a child who receives childcare at a home childcare premises or childcare Centre.
- An incident where a child who is receiving care goes missing or is temporarily unsupervised.
- An unplanned disruption of the normal operations of a childcare centre that poses a risk to the health, safety or well-being of children receiving childcare.

A Serious Occurrence could include:

- Serious injury to a child, requiring medical attention from a licensed Medical Professional.
- Fire or other disaster on site.
- Complaint about service standard.

Licensed Child Care Centres and Private Home Day Care agencies are already required to report Serious Occurrences to the Ministry, which is responsible for Child Care Licensing. This new policy requires Child Care Operators to post information in their facilities so that parents/guardians have access to it.

This posting will give parents/guardians information about the incident and outline follow-up actions taken and the outcomes, while respecting the privacy of the individuals involved. Longer-term actions taken by the operator will also be included to help prevent similar incidents in the future, where applicable.

Many factors may lead to a serious occurrence report. A serious occurrence does not necessarily mean that an operator is out of compliance with licensing requirements or that children are at risk in the Child Care Program. This new policy supports the Government's efforts to increase access to information about licensed Child Care Programs in Ontario. This includes the recent launch of Child Care Licensing Inspection findings on the licensed Child Care website, which is available at: <http://www.iaccess.gov.on.ca/LCCWeb/childcare/search.xhtml>

Nutrition

Our food planning follows the recommendations of the Canadian Food Guide as well as the Child Care and Early Years Act. When children enter the day care as young babies, they are normally on formula or breast milk, given at three to four-hour intervals. If the parent/guardian is unable to maintain their child's breastfeeding schedule, it is important that the child be introduced to a bottle before he/she starts day care, so they will accept it from the Infant Educators.

Infants under one (1) year of age will be fed according to the parent/guardian's direction. Parents/guardians are asked to provide formula, infant cereal and "baby food" if the infant is not yet able to eat the Kinderplace Childcare Centre Inc.'s food. Parents/guardians will be asked to make regular entries in the Infant Feeding Book. This documentation will outline when their child is being introduced to new foods.

Kinderplace Childcare Centre Inc. will provide milk and food, when the child is ready to eat the meals prepared by the cook. Parents/guardians are expected to supply the infant's formula to the Kinderplace Childcare Centre Inc. already prepared and in marked bottles. In addition, parents/guardians are required to leave one additional can of formula at the Kinderplace Childcare Centre Inc. for emergency situations. All food supplies and containers must be labeled with the child's full name.

If a parent/guardian requests that their child be given a bottle at rest time, the parent/guardian will be asked to authorize it in the Infant Feeding Book. After the child has fallen asleep, the bottle will be removed out of the sleep room.

For children approximately one year of age or older, Kinderplace Childcare Centre Inc. provides a morning snack, a full lunch, and an afternoon snack to children approximately twelve (12) months to six (6) years attending Kinderplace Childcare Centre Inc. School Aged children will receive an after-school snack during the school year.

During the summer and school breaks, there will be a balance between Kinderplace Childcare Centre Inc. provided lunches and parent/guardian packed lunches. The dates for each will be made available once the School Aged Programs have been planned. For parent/guardian's information, a menu will be posted in the main hallway, for the current and the following week.

Mealtimes and snack times are an opportunity for the children to build many skills. They learn to serve themselves, how to take turns, language development and socialization skills. Food will not be withheld from children at any time. Children will be encouraged, not forced to eat at mealtimes.

An afternoon snack only will be provided for children attending the Ecolé Gron Morgan After School Satellite Program.

Sleep Supervision

The staff at Kinderplace Childcare Centre Inc. realize that for healthy development, children must have an adequate amount of sleep. Nap time is respected in Kinderplace Childcare Centre Inc. and we make every effort to help children relax and enjoy the experience. Each age group has a different routine, but we endeavor to adapt the procedure to each particular child as much as possible.

- All children under twelve (12) months of age are placed for sleep in a manner consistent with the recommendations set out in a joint statement of Safe Sleep unless a child's physician recommends otherwise in writing. Educators in the infant room will do visual checks every fifteen (15) minutes and document these checks on a form outside of the sleep-room door. Educators in the toddler and preschool rooms will do visual checks every hour and document these visual checks in their logbooks daily.
- Children will be assigned to individual cots or cribs (or mats where the Supervisor/Designate has approved) has been granted for children eighteen (18) months to five (5) years of age.
- Provide that parent/guardians of children younger than twelve (12) months will be advised that Kinderplace Childcare Centre Inc. is obligated to ensure that children under twelve (12) months are placed for sleep in a manner consistent with the recommendations set out in the joint statement of sleep. (i.e.: placed on their backs).
- Provide that parents/guardians of children who regularly sleep at Kinderplace Childcare Centre Inc. will be advised of Kinderplace Childcare Centre Inc. policies regarding sleep.
- Any significant changes in a child's sleeping patterns or behaviour during sleep will be communicated to the parents/guardians and will result in

adjustments to the manner in which the child is supervised during sleep and would include details regarding the performance of direct visual checks, including how frequently they will be performed and how direct visual checks are documented.

Parents/guardians will be asked to provide a letter if they want a sleep limit placed on their child's naptime at day care. Every attempt will be made to accommodate this request.

Guidance Techniques

The following practices will not be observed in the program at Kinderplace Childcare Centre Inc.:

- Corporal punishment of a child, such as confining the child to a highchair, car seat, stroller or other device for the purpose of discipline or in lieu of supervision, unless the physical restraint is for the purposes of preventing a child from hurting himself, herself or someone else, and is used only as a last resort and only until the risk of injury is **no** longer imminent.
- Locking the exits of Kinderplace Childcare Centre Inc. for the purpose of confining a child, or confining the premises for the purpose of confining the child, or confining the child in an area or room without supervision, unless such confinement occurs during an emergency and is required as part of the emergency management policies and procedures of Kinderplace Childcare Centre Inc.
- Use harsh or degrading measures or threats or use of derogatory language directed at or used in the presence of a child that would humiliate, shame or frighten the child or undermine his or her self-respect, dignity or self-worth.
- Depriving a child of basic needs including food, drink, shelter, sleep, toilet use, clothing or bedding; or
- Inflicting any bodily harm on children including making children eat or drink against their will.

Should behaviour be deemed by the Executive Director/Supervisor/Designate, to be beyond the expertise of Kinderplace Childcare Centre Inc.'s staff, a recommendation to be withdrawn will be made. The parent/guardian will receive a letter requesting them to find alternate care, within two weeks, at a facility where their child's needs may be better served. This procedure is followed only as a last resort.

Whenever possible, parents/guardians will be given at least two weeks' notice to make alternate arrangements. In the event that a child's specific behaviour poses a direct threat to the other children of staff the Executive Director/Supervisor/Designate will notify the parent/guardian in writing that they will be required to immediately withdraw the child from Kinderplace Childcare Centre Inc.

The Board of Directors and Staff of Kinderplace Childcare Centre Inc. reserve the right to determine if your child can be accommodated by our program. If we are unable to provide a suitable program for your child every effort will be made to assist you to find appropriate childcare.

In order to ensure a safe, well run facility, Kinderplace Childcare Centre Inc. may terminate services after due warning or notice, if policies are not followed.

Strategies for Guidance

When the need arises, the child's inappropriate behaviour will be addressed in a positive manner, at a level that is suited to the child's development and/or age, and actions. The goal is to promote self-discipline, ensure health and safety, practice respect for the rights of others, and to maintain equipment. The three main models of guidance used at Kinderplace Childcare Centre Inc. are:

Redirection and shadowing techniques will be the primary guidance techniques used in the younger Infant and Toddler age-groups.

Redirection: If a child was climbing a fence outside, the staff would redirect the child to the climber and state: "This is where you can climb when you are outside. The fence is not for climbing." If two Toddlers were fighting over a toy, staff would redirect one of the children to another toy or activity.

Shadowing: If a child was repeatedly biting, and redirection was not working, the staff would focus more attention and stay closer to the child biting, during play and activities.

Time-in: Time-in is a brief period of time, where the child will be removed from the activity and spend time with a staff member. This allows a child a chance to calm down after losing self-control. It halts the behaviour and allows the child to re-orient toward positive behaviour and regain self-control. The length of time-in will be determined by the child's chronological age.

Relocation: If a child is so upset that he or she is upsetting the entire group, a staff may decide to accompany the child into another area until he/she has calmed down and can rejoin the group.

Educators will not use harsh or degrading measures on the child that would humiliate or undermine his or her self-respect, deprive the child of basic needs including food, shelter, clothing and or bedding, lock the exits of the childcare centre or premises for the purpose of confining the child, or using a locked or lockable room or structure to confine the child if he or she has been separated from the other children.

Kinderplace Childcare Centre Inc. staff cannot accommodate parent/guardian requests that their child(ren) be excluded from an activity at Kinderplace Childcare Centre Inc. as a carryover discipline from home or school. Kinderplace Childcare Centre Inc. cannot exclude any child from any activity that is a regular part of the program, ie: computer, outside time, etc.

The Guidance Policy is available to any parent/guardian requesting further details. Staff will discuss methods of Guidance Techniques at staff meetings to ensure understanding. Educators and Parents/Guardians will collaborate concerning their child's behaviour, in order to provide continuity and consistency between the program and home.

Code of Conduct

A Code of Conduct policy is followed at Kinderplace Childcare Centre Inc. to ensure that Kinderplace Childcare Centre Inc. offers a safe, child-friendly, environment that promotes quality care.

The following principles of conduct will be followed at Kinderplace Childcare Centre Inc.:

- Treating children, families, and staff with dignity and respect.
- Respect for equipment.
- No Profanity.
- No yelling at children, staff, and parents/guardians.
- No threatening to harm others.
- No bullying behaviours.

The following steps will be taken if conduct is unacceptable:

- Meeting set up with Executive Director/Supervisor/Designate to discuss the inappropriate conduct and why it is unacceptable.
- A letter of warning will be issued explaining why it is unacceptable, how it can be improved upon and what the next step will be if it continues.
- The next step will be suspension of childcare until further notice (in the case of the parent/guardian) and or suspension of work until further notice (in the case of a staff).
- The final step will be termination of childcare (in the event of a parent/guardian) and or termination of work (in the case of a staff).

Please note, that in extreme circumstances, immediate termination may result.

Clothing and Possessions

Clothing:

Your child should wear comfortable clothing suitable to the weather and the season. **An extra set of clothing should be available in they/their locker at all times,** in case of accident or illness. A pair of comfortable running shoes is also recommended for active play. Please label the clothing, as well as items such as

soothers with your child's name. Unfortunately, Kinderplace Childcare Centre Inc. is not responsible for lost clothing. It is recommended that parents/guardians provide a zippered bag to keep their child's clothing in, to minimize the chance that clothing may get passed from one locker to another. If a child does not have spare clothing in their locker, and Kinderplace Childcare Centre Inc. does not have any extra clothing available, parents/guardians will be called to drop off extra clothing at the site where their child is attending.

Play is a big focus of our program, please expect your child's clothing to get a little dirty from time to time.

Toys:

Parents/guardians are asked to limit personal toys brought from home. Kinderplace Childcare Centre Inc. staff request that personal possessions remain at home to prevent a situation of lost or damaged toys. However, a small stuffed animal or doll is permitted for comfort at nap times. Children will be encouraged to keep the item in their locker. Please label your child's toys. Unfortunately, we are not responsible for lost or damaged items.

Soothers:

Infant soothers supplied by the parent/guardian will be stored in an individual, labeled container with your child's name on it, and will be cleaned regularly. It is Kinderplace Childcare Centre Inc.'s policy that when your child leaves the Infant Program, the soother will be given back to the parent/guardian. Soother holders will be taken off at rest time. Parents/guardians are required to supply an extra soother that will stay on-site in case a soother is forgotten at home.

Bibs:

Bibs will only be worn during snacks and lunch times. All bibs will be removed at naptime.

Diapers and Diapering:

Parents/Guardians will be asked to supply a quantity of diapers and wipes for their child and diaper cream if used. If cloth diapers are being used, parents/guardians are required to provide a labeled diaper pail or container for soiled diapers.

Outdoor Play

According to the Child Care and Early Years Act, each child under thirty (30) months of age that is in attendance for six (6) hours or more in a day is outdoors (weather permitting) for sleep or play, or both, for a period of up to two (2) hours per day.

It is not always possible for the Infant and Toddler Groups to go outside in the winter months due to the practical difficulties, i.e.: deep snow, icy conditions, etc.

Each child over eighteen (18) months and up to and including five (5) years of age, may play outdoors (weather permitting) for at least two (2) hours each day.

The Child Care and Early Years Act requires daily outdoor play for each child, weather permitting. It is Kinderplace Childcare Centre Inc.'s recommendation that

children too ill to play outside, should remain at home. Please note, that if a parent/guardian requests that his/her child stay indoors for any reason, the Kinderplace Childcare Centre Inc. will not guarantee that your child will not have to go outside due to ratio requirements.

It is the parent/guardian's responsibility to ensure that proper outdoor apparel be available in their child's locker at all times.

Infant group will not go outside when the temperature is -10 degrees and below with winds no greater than 10km/hr and including wind chill.

*Note: Older Infants (16-18 months) will follow the toddler program temperature of -15 degrees, including winds no greater than 15km/hr.

Preschool and Kindergarten groups will not go outside when the temperature is -20 degrees and below, including wind chill.

Kindergarten and Primary/Junior groups at both sites will follow the School Board's Policy for outdoor play.

All groups will remain inside if the temperature and humidex is greater than 30 degrees.

Hats: From May to September, we request that your child be sent to daycare with a sun hat. Should your child forget their hat, a clean, laundered one will be loaned to them for the day. In winter months, appropriate warm winter hats and mitts will be required. Should your child forget their hat and mitts, a clean, laundered set will be loaned to them for the day.

Sunscreen Policy: Parents/guardians are requested to pay a small fee per child toward the cost of sunscreen at Kinderplace Childcare Centre Inc. A bottle will be available for staff to apply to the children. As per the guidelines from the Thunder Bay District Health Unit, sunscreen will not be used on babies under six (6) months of age. Every attempt will be made to keep children less than one (1) year of age, out of direct sunlight. In the event of a child having an allergic reaction to the daycare sunscreen, the parent/guardian will be asked to supply their own bottle of sunscreen.

A waiver is available for those parents/guardians not wanting sunscreen applied to their child.

Minister’s Policy Statement on Programming and Pedagogy

Licensed childcare centres

Licensed home childcare agencies/providers

Subsection 55 (3) of the Child Care and Early Years Act, 2014 (CCEYA) authorizes the Minister of Education to issue policy statements regarding programming and pedagogy for the purpose of guiding operators of childcare and early years programs and services in developing their programs and services.

This policy statement is made under such authority and names “How Does Learning Happen? Ontario’s Pedagogy for the Early Years (2014)” as the document to be used for the purpose of guiding licensed childcare programs under subsection 55 (3) of the CCEYA.

This policy statement, together with the regulations that guide program development, pedagogy and practice in licensed childcare settings, is intended to strengthen the quality of programs and ensure high quality experiences that lead to positive outcomes in relation to children’s learning, development, health and well-being.

The regulations made under the CCEYA also provide for the use of How Does Learning Happen? by licensed childcare programs. Section 46 of O. Reg 137/2015 (General) requires that, “Every Licensee shall have a program statement that is consistent with the Minister’s policy statement on programming and pedagogy issued under subsection 55 (3) of the Act and shall review the program statement at least annually for this purpose.” Subsections 46 (2) and (3) of the Regulation address the content of the licensee’s program statement.

This policy statement shall be in effect until the day that it is rescinded or replaced.

Sample Toilet Training Contract

Dear Parent/Guardian:

It is our understanding that you would like to start toilet training. We will work together with you on this next step of your child's life. We ask that there be a partnership in this to make this training process effective both at home and at daycare. During the day, your child will be asked and encouraged to use the toilet, however, we will not force them to sit on the toilet. We will use a sticker system outlining their successes on the toilet. In order for this process to work and your child not have to go into a pull-up at some point in the day, we ask that you please supply us each day with the following:

- 3 pairs of underwear
- 3 pairs of pants
- 3 pairs of socks
- Extra pair of shoes (in case they get soiled)

If these items are not available, your child may be put into a pull-up in the event that an accident does occur.

We will also need to know if you want a pull-up put on your child at some point during the day. Please circle times when you would like a pull-up placed on your child:
